

# Pre-Reading Before Your Next Class

Read up on all pre-assigned reading before Your next Class

When You Read ahead of Your next Class:

- You arrive better prepared to understand the Information in Your Lecture

Two Major Benefits of Pre-Reading before Class:

- 1) You are able to Focus on the Key items during the lecture which results in You Taking Better Notes
- 2) You are far less likely to get distracted in Class as You are much more engaged and interested in the information
- 3) Note-taking becomes more Fun and You will find Yourself participating more actively in Your Classroom Learning (i.e. You will become more of an “active” Learner versus a “Passive” Learner who just listens and writes things down without necessarily thinking about the concepts)
