

Benefits of Scheduling

Record All of Your deadlines for Your Courses on a Calendar:

All upcoming Quizzes, Tests, Assignments, Terms Papers, Presentations, Group Projects, etc.

Notice the “Crunch Times” (when a lot of deadlines are happening during the same days/weeks):

Typical “Crunch Times”: Mid-Terms and final exams, but there could be other “Crunch Times” depending on how your deadlines bunch up on your calendar.

Budget & organize Your Study & Prep Times before the “Crunch Times”:

This will avoid You having to “Cram” before Deadlines, Tests, Quizzes, etc.

Scheduling Gives You Control of Your Time:

You can now “Budget” Your Study & Prep Time much more effectively.

Scheduling Reduces Stress:

One of the Important Benefits for You is Helping avoid Procrastination.

A Great Motivator:

These points may motivate you to put more time into planning out a schedule.
